BICSI SOUTHEAST ASIA

BICSI Southeast Asia Malaysia 2026 Key Achievements:

1. **STRONG MEDIA EXPOSURE:** 30+ local media representatives attended, significantly increasing BICSI's visibility and industry awareness in Malaysia.

2. **GOVERNMENT RECOGNITION & SUPPORT:** Officially opened by the Deputy Minister of Human Resources Malaysia, reinforcing the importance of talent and skills development for Malaysia's ICT and Data Centre industries.

3. **STRONG CROSS-INDUSTRY PANEL SESSIONS:** 4 panel sessions brought together leaders from ICT, Data Centres, Talent Development, Academia and related industries — creating broader and more meaningful industry discussions.

4. **HIGHER ATTENDANCE & INDUSTRY PARTICIPATION:** Conference attendance increased compared with the previous year, demonstrating growing industry interest and stronger recognition of BICSI Southeast Asia.

5. **FIRST REGIONAL CABLING SKILLS CHALLENGE:** Successfully introduced the Cabling Skills Challenge for the first time in Southeast Asia, attracting participants from across the world and creating a new platform to promote technical skills and regional talent.

Bicsi SOUTHEAST ASIA

Areas of Improvement - Moving Forward BICSI Southeast Asia Malaysia

1. **ENHANCE THE PRE-NETWORKING FORMAT** Adopt a cocktail-style networking format instead of seated dining, allowing guests, sponsors, speakers and industry leaders to mingle more freely and create stronger networking opportunities.

2. **IMPROVE EXHIBITION LOGISTICS PLANNING** Confirm all exhibition equipment dimensions and venue access requirements in advance, particularly equipment height, loading access and hall restrictions, to ensure exhibitors can bring in and display their equipment smoothly.

3. **STREAMLINE REGISTRATION PROCESS** Improve and expedite the registration and check-in process to minimise queues and prevent delays to the conference agenda, particularly during the first day opening morning.

4. **PLAN VIP EXHIBITION WALK ABOUT** Allocate a dedicated time slot for the Guest of Honour/VIP to visit the exhibition area and engage with sponsors and exhibitors. This year, the Deputy Minister had to depart promptly due to subsequent official commitments.

5. **KEEP LUNCH WITHIN THE CONFERENCE AREA** Where possible, arrange lunch within or immediately adjacent to the conference and exhibition area. This will improve convenience, encourage continued networking and help maintain attendee engagement throughout the event.
